RULES

Place the Skull on the Skull Trophy Card next to the other Trophy Cards in the game.

On your turn, you may take the Skull and place it on an open end knob of an arch in the staircase that you just built, if you believe that none of the other players can build on top of the Skull. Take the Skull Trophy Card worth 3 Banana Points 🍌 and place it next to your Player Board.

BUT... if one of the other players succeeds in building on top of the skull, they can take the Skull Trophy Card and will get the 3 Banana Points 🍌.

Hereafter the Skull Trophy Card cannot change hands.
